REPORT ON WATER TEST

Sender, client, payer, owner: Revitan H₂O d.o.o., Blate 11, 1331 DOLENJA VAS

Sent for information to: sender

Admission: 06.07.2010 at 12:50, Tested by: 10.07.2010

Purpose of taking: Owner's request

Samples brought by: Verbič Gregor

Location: Revitan H₂O d.o.o., Blate 11, 1331 DOLENJA VAS

Taken by: IVZ

Date of taking: 06.07.2010

State at taking: appropriate

Testing: Regular testing of drinking water – MF – multiple samples – Regulation on drinking water

Request: The scope of testing is determined in accordance with the client's requests.

REVITAN H₂O
d.o.o.
Blate 11
1331 DOLENJA VAS

Letter No.: 340-sl/10-164 Date:
16.07.2010

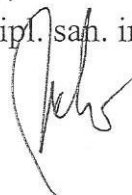

The results of microbiological and chemical tests of drinking water samples taken at the premises of the Revitan H₂O company

Based on the customer request, the representative of the National Institute for Public Health performed the task of taking three samples of drinking water at the premises of the Revitan H₂O, Blate 11, 1331 Dolenja vas on the day 6th July 2010. The samples were taken from a tap-bathroom, through the Revitan nozzle-bathroom and through two Revitan nozzles-bathroom.

The taken drinking water samples were, according to performed microbiological tests (Report on the test of water PV/1085 Version 1.00), **consistent** with the requirements of the Regulation on drinking water (Official Journal RS, No. 19/04, 35/04, 26/06, 92/06 in 25/09). The results of microbiological tests before and after the use of nozzles do not show any changes.

The values of chemical parameters are, considering the scope and results of the performed tests, **consistent** with the current legislature (Reports on water test, samples 2010/2338, 2010/2339 and 2010/2340 on 15th July 2010). All three taken samples show no changes considering the tested chemical parameters.
